Ans: Didn't I tell him to practice regularly?

10) Virtue has its own reward.

Ans: Doesn't virtue have its own reward?

The place I visited last

Travelling is always a great fun for me. Last year I went to my uncle's house in Sylhet. Last year, in the summer holiday, my uncle invited me and my family to go there. I told my father about that. He told me that he couldn't go with us neither mother. So I called my friends to go with me. 3 of them agreed to go with me. We decided that we would go there by bus. Though it will take too much time, but we love the bus journey. We started the journey early in the morning. It took almost 7 hours to reach there. My uncle welcomed us warmly. We went to my uncle house and take some rest, have some food and gossiped too much that day. Next day we decided to go travel Sylhet. We already choose some place to go. At first we went to the Bisanakandi. Bisanakandi is a very beautiful place, adorned with hills, stones, waterfall and river. [Answered By NewResultBD.Com] We spend more than 3 hours there. Then we went to the Shahjahal Darga Sharif. It is really a holly place. More than thousands people came to take prayer in here from home and abroad. Then we also went to the Lalakhal, Pang Thu Pai, Khadim Nagar National Park, and specially the tea garden. We take several kinds of tea and they all are delicious. We spend 5 days there. And the last day we went to see Juflong. It is really an amazing place. I really enjoy those days very much. I can't forget the journey.
